VIOGNIER

BAROSSA VALLEY
2006

2006 Haan Hanenhof Viognier Haan takes the viognier trophy for the second year in a row. This example has strong apricot varietal character and the texture that many seek but do not achieve. Fresh, balanced drinking now. (\$14.95) *Excellent Value* 14.8% Screwcap GOLD

2006 Vincognita Madeleines Viognier Has good initial impact of stone fruit varietal character, but fades slightly on the finish. (\$19.00) 13.0% Screwcap SILVER

SWEET WHITE**Highly Recommended**

2006 Mistletoe Gold Botrytis Rich and luscious, with mandarin and stone fruit overtones. A good, early-drinking dessert style. (\$18.50/375 ml) 10.6% Screwcap SILVER

2007 Bellarmine Pemberton Riesling Auslese A very attractive wine indeed, showing perfumed varietal overtones that reminded some of Rheinpfalz styles. The sugar-acid balance is spot-on, and the palate has appealing "juicy" fruit characteristics. (\$15.00) *Excellent Value* 7.5% Screwcap SILVER

One of our very switched-on associate judges, Debbie Pearce, awarded this wine a gold. The editor recently retasted it and thinks she was correct. It's a delicious Germanic style.
